Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

SCREWED!: HOW FOREIGN COUNTRIES ARE RIPPING AMERICA OFF AND PLUNDERING OUR ECONOMY-AND HOW OUR LEADERS HELP THEM DO IT

HarperCollins Publishers Inc. Hardback. Book Condition: new. BRAND NEW, Screwed!: How Foreign Countries are Ripping America Off and Plundering Our Economy-and How Our Leaders Help Them Do it, Dick Morris, In this hard-hitting book, Dick Morris and Eileen McGann take on the next threat to America: globalism. Increasingly, political and corporate power elite encourage Americans to view themselves as citizens of the world. Unfortunately, this global imperative routinely supersedes our own domestic needs and has led to economic catastrophe, including the bankrupting of ordinary American families. And more suffering is coming, the authors warn. The globalist elite - experts who are trained in the top academies, their skills weaned on "Wall Street" and honed in government bureaucracy - believe they are destined to rule the new world. They want to tell us what to do, how to live, and how much we should earn. Meanwhile, political leaders won't stand up for their citizens' interests, choosing instead to throw away our prosperity, drive our companies into insolvency, and strangle us with regulations and taxes. Meanwhile, other nations focus on their own self-interest, free from the kind of environmental regulations and labor laws constraining American corporations. They chant anti-American slogans and fund terrorists while raking in our foreign aid. Meanwhile, global institutions encroach on our national sovereignty, usurping our decision-making on our own economy, energy, environment, land, and businesses. In "Screwed!" Morris and McGann examine the ways that nations and international organizations take advantage of us, detail the staggering scale of the great American ripoff, and reveal how our own leaders are complicit in the process.
