Pearson Education (US), United States, 2003. Paperback. Book Condition: New. 233 x 187 mm. Language: English . Brand New Book. As a veteran Dreamweaver user, you've gone just about as far as you can go with static Web sites. Now you're ready to roll up your sleeves and get down to the real business: creating dynamic database-driven sites with your favorite authoring tool. You've come to the right place: As the only volume to cover the brand-new Dreamweaver MX 2004 from a purely database perspective, this guide provides just the combination of technical grounding and hands-on training you need to start building that e-commerce site you've been dreaming about. First, you'll learn about the technologies that fuel database-driven Web sites (so that you can select the correct tools). Then you'll begin the actual hands-on process of using Dreamweaver MX 2004, Access, and to build an intranet and, later, SQL Server and ColdFusion to build an organizational Web site. Author Sean Nicholson's companion Web site will include all of the code and other information necessary to build the book's demo applications.
