Deep River Books, United States, 2014. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book. The next nuclear war will begin the End Times. We are rapidly approaching this period that the Bible refers to as the time of the end. This 40-year period will commence with war in the Middle East and include the Rapture and the Great Tribulation. It will end with the glorious Second Coming of Christ. The Next Nuclear War describes the End Times period as compiled from the Old Testament prophecies. Author Steve Ashburn provides a systematic and concise examination of each prophecy and places them in relation to the final timeline. A must read for this day, in preparing for that day! After reading The Next Nuclear War, Christians will understand: -The definition of End Times and similar terms in the Bible which relate to the 40-year period of history that ends human self-government and begins government under the Lord Jesus Christ himself. -The role of various nations such as Egypt, Libya, Sudan, Lebanon, Syria, Gaza, and West Bank. The Bible describes these nations as attacking Israel at the beginning of the End Times conflict. -The role of the United States as leader of the coalition invasions of Iraq (1991, 2003) and of the third and final invasion as described in Jeremiah.
