POLARIZATION BREMSSTRAHLUNG

Book Condition: New. Publisher/Verlag: Springer, Berlin | This comprehensive introduction to the theory and applications of polarizational bremsstrahlung has been prepared by leading experts to provide graduate students with a functional understanding of a high-profile sector with enormous practical potential. | This book introduces and reviews both theory and applications of polarizational bremsstrahlung, i.e. the electromagnetic radiation emitted during collisions of charged particles with structured, thus polarizable targets, such as atoms, molecules and clusters. The subject, following the first experimental evidence...
