Excerpt: .was naturally and with glasses. Perhaps the patient will not bear the full correction for constant wear, in which case we would order as strong as can be comfortably worn for that purpose, and the + 3 D. as an additional pair for reading. As patient will probably object to two pairs of glasses, we would theoretically be justified in ordering the + 3 D. for constant wear and also for reading, but in practice we are sometimes compelled to modify as above. // there is a tendency of the eyes to cross, on which side will the light streak appear with the Maddox rod over the left eye? How should the prism be placed to bring the lights together? By tendency of the eyes to cross we understand a tendency to convergent strabismus; this would result in homonymous diplopia, in which right image belongs...
